

MONTESSORI
School of Denver

Montessori School of Denver (MSD), located in beautiful Colorado, is seeking a full-time **Middle School Science Teacher** for the remainder of the current school year, continuing into the 2026-2027 school year. This position requires close collaboration with our middle school team to deliver instruction based on our established science curriculum. The ideal candidate will enjoy working with adolescents, possess a collaborative attitude, and be committed to providing differentiated instruction to enhance student learning through teaching and small-group instruction.

Job Overview: We are seeking a dynamic Middle School Science Teacher to join our middle school program. Our science instruction is grounded in the Pearson Middle School Science curriculum and integrates Montessori philosophy with a concept-driven, hands-on approach. The curriculum is aligned with Colorado State Standards and Independent School standards and is intentionally designed to meet the developmental needs of adolescents.

In our mixed-level (grades 6-8) classroom model, students engage with Earth, Life, and Physical Science on a three-year cycle, allowing for spiraled learning, increased depth of understanding, and flexible pacing. The teacher will design and facilitate engaging labs, inquiry-based projects, and real-world applications that support curiosity, critical thinking, and scientific skills.

MSD teachers promote classroom community, deliver Montessori lessons, create and sustain a beautiful classroom environment, support the individual and collective needs of the students, communicate and partner effectively with parents, and work collaboratively with the other members of the program team and faculty. MSD teachers are expected to actively support the mission and values of the school and contribute to a positive school culture, as well as participate in school events, parent education, and on-going professional development.
